

Dear Sir / Madam,

Re: Questions 10 & 11

I wish to refer to questions 10 & 11 of the Consultation Paper.

I am requesting that Sexual Orientation regulations should include exceptions for the school curriculum, for the following reasons:

All pupils should be treated equally & receive the same standard / quality of education - Attempts to tackle bullying should not be used as a cover for promoting gay rights.

Parents will be very very upset if the regulations force schools to put homosexuality on an equal footing with heterosexuality in sex education.

Promoting homosexuality in the school curriculum will lead to more pupils becoming sexually confused & no longer into homosexual lifestyles.

~~We, as taxpayers, wish to be heard.~~

I thank you for your kind attention.

Yours sincerely

V. E. Allen
