Support outright	12
In Addition: Support – but emphasise importance for needs to be improved upon, eg to prevent duplication / wastage of distribution of resources, and to ensure inequalities are addressed effectively. Also, should demonstrate in strategy how partnerships will be reinforced.	13
Supportive of working with Voluntary Sector – some indicate additional resources and / or training for capacity building will be needed.	12
Should draw from examples of good practice. Eg ROI; GB – Community Planning model; Vermont and Missouri.	6
Make cross references to existing initiatives to demonstrate joined up government and reinforcing partnership working	24
