# Response Booklet

## Introduction

This booklet pulls together and further develops the questions contained in the main consultation document, which focus mainly on options for a single Equality Bill and you should refer to this document when considering your response.

This consultation builds on an initial consultation that was undertaken in 2001. The 2001 consultation was open-ended and sought opinions on the way forward and many who responded to it asked for further detail and more time to consider the issues. This consultation sets out a series of options on the key issues that need to be considered in the Bill.

For ease of reference, the booklet is arranged in sections, which reflect those in the consultation document.

You may wish to respond only to some or to all sections of the response booklet. Either way, your views are welcome.

**The main sections of this booklet reflect the chapters in the main consultation document:**

1. Introduction – the general approach
2. Purpose and Principles
3. Grounds – existing and possible new grounds
4. Scope – extent of protection
5. Definitions of discrimination – direct and indirect, victimisation and harassment
6. Exceptions – existing provisions and consideration for possible new grounds
7. Goods, facilities and services
8. Addressing under-representation in employment
9. Equality Commission for Northern Ireland – functions and powers
10. Tribunals and courts
11. Alternative Dispute Resolution

## Completing the response booklet

Many of the questions included in this booklet simply require a tick in a box to indicate a preferred option. However, comments are also sought in order to determine why you have chosen a particular option or to seek your views on an issue raised.

The response booklet is available on the OFMDFM website at [www.ofmdfmi.gov.uk/equality](http://www.ofmdfmi.gov.uk/equality).

If you wish to provide a **written contribution for all or part of your response, it would be helpful if this could reflect the structure of the response booklet with cross- referencing to the section/s as appropriate.** This will greatly assist in the analysis of the information you provide.

Please take time to consider the issues raised in the consultation document. We look forward to receiving your response.

**The consultation closes on 12 November 2004**

## Introduction

1.1 Have you any comments on the overall approach set out in this Chapter?

Speechmatters would like to see equality law harmonised and extended to a larger number of grounds. The commitment in the Discussion Paper to maintain the current anti-discrimination protection is essential.

1.2 What balance do you consider needs to be struck in the Bill between the prohibiting discrimination and promoting equality of opportunity approaches? (paragraphs 15 to 21 refer). Please explain the reasons for your answer.

Speechmatters would like to see a shift moving from compliance (anti-discrimination) to a proactive duty to promote equality of opportunity.

The reasons for this answer are:

- 1 This approach is proactive and positive instead of reactive.
- 2 Pro active duty creates an environment which moves beyond compliance to enable those bound by the legislation to develop a **true** culture of equality.

## **Purpose and Principles**

2.1 Have you any comments on the Purpose and Principles set out in this chapter?

### **Principle 1**

Speechmatters agrees this is central to building a stable and peaceful society in Northern Ireland.

### **Principle 2**

The SEB must be underpinned by international human rights standards and by a Bill of Rights for Northern Ireland.

### **Principle 3**

Agree

### **Principle 4**

Agree

### **Principle 5**

Agree subject to the recognition that the means of redress must be clear, easily understood, and effective and support the litigant in relation to accessible formats and languages.

Facilitation must be readily available for people living with communication disabilities like Aphasia.

### **Principle 6**

Agree

### **Principle 7**

Agree

Those with disabilities need support and possible facilitation with communication to enable them to do what he or she wishes within the law. There must be opportunity to exercise their rights.

**Principle 8**

Speechmatters asserts that harmonisation should be pushed to the limits and that any differentials must be clearly and explicitly justified.

## Grounds

### Political opinion (paragraph 10)

3.1 In relation to the potential loophole in the “political opinion” ground, do you consider we should:

Have no change to present legislation?

Amend the existing definition to exclude all political opinions that support the use of violence, whether or not these are connected with the affairs of Northern Ireland?

Amend the existing definition so that there is no exclusion and leave it up to the courts to determine whether a particular political opinion was protected?

3.2 Please explain the reasons for your preference:

Protection should not be given to the belief/opinion that the use of violence or violent force is legitimate.

### Possible new Grounds (paragraphs 19 to 32)

#### Marital or family status and dependants (paragraph 20)

3.3 Should a new ground of “marital or family status/dependants be included in the Bill?

YES

NO

NO VIEW

## Grounds

3.4 If “Yes”, should such a ground:

Reflect the definition as included in the Republic of Ireland’s Employment Equality Act? – Option (b)

Or

Be much broader to include cohabiting couples and all dependants – Option (a)

3.5 If you chose option (a), would including cohabiting couples within such a ground cause any difficulties for pensions or other benefits?

YES

NO

NO VIEW

3.6 If you answered ‘Yes’ to question 3.5 , what are the difficulties and have you any suggestions on how they could be overcome?

## Grounds

3.7 Please explain the reasons for your answer:

Speechmatters believes that Carers should be protected as they potentially face significant discrimination because of the perception of their situation.

3.8 Which specific new ground or grounds do you consider should or should not be included in the Bill?

Should be included:

- 1 All Section 75 grounds should be included
- 2 Marital and family status
- 3 Past convictions (w exceptions that proviso will require disclosure in some jobs)
- 4 Genetic predispositions
- 5 Other status

Should not be included:

Victims and socio-economic status.

## Grounds

3.9 If you listed a ground or grounds, please explain why you consider this ground or grounds should or should not be included in the Bill?

Speechmatters believes it is essential that Carers should be protected as they potentially face significant discrimination and financial hardship because of the perception of their situation.

3.10 Please state why you consider that other legislation and/or other mechanisms that currently exist offer inadequate protection for any new ground or grounds that you feel should be covered in the Bill?

## Equal Pay (paragraphs 34 to 36)

3.11 Should we extend the existing provisions on equal pay (currently restricted to men and women) to another ground or grounds in the Bill?

YES

NO

NO VIEW

## Grounds

3.12 If you answered 'Yes', please state which ground or grounds should be included and why you consider this is necessary?

3.13 Should we repeal the Equal Pay Act (NI) 1970 and re-enact the provisions in this Bill?

YES

## Scope

## Scope

4.5 If you answered “Yes”, should the Bill define the concepts more broadly to include relationships, which do not technically constitute a contract to allow for the inclusion of some marginal workers and volunteers? - Option (c)

YES  NO  NO VIEW

4.6 If a broader definition is to be used should it exclude volunteers?

YES  NO  NO VIEW

4.7 Should the Bill **not** define the above concepts but leave it to the Tribunals to decide on a case-by-case basis? - Option (a)

YES  NO  NO VIEW

4.8 We would welcome your views on any other way of dealing with these employment concepts

Volunteers are not employees. The SEB should not compromise or confuse their position and therefore should clearly define the difference- while maintaining volunteer rights.

## Membership and Involvement in Organisations of Workers or Employers

4.9 Should the Bill extend these provisions to some or all of the other grounds?

YES  NO  NO VIEW

## Scope

## Definitions of Discrimination

### Direct Discrimination

5.1 Which of the following options should be used in defining direct discrimination?

Maintain the existing definition as contained in the EU directives and contained in NI legislation. In the disability legislation the “reasonable adjustment” duty would remain. Option (a)

“ For a reason which relates to his or her age, disability, gender, gender re-assignment, political opinion, racial ground, religious belief, sexual orientation (and any other grounds added to the Bill) or in relation to married persons, A treats B less favourably than he treats, has treated or would treat another person in a comparable situation.” Option (b)

“ Direct discrimination shall be taken to occur when A has caused, causes, or would cause disadvantage to B on the basis of any of the protected grounds.” Option (c)

5.2 Please give your reasons for choosing one of the above definitions.

This would give the greatest flexibility and enable the broadest range of individuals to pursue a claim of direct discrimination. The concept of reasonable adjustment should be kept in relation to disability.

5.3 If none of the above are considered suitable do you have an alternative suggestion? Please give reasons why you think this should be adopted for the Bill.

No

## Definitions of Discrimination

### Indirect Discrimination

5.9 Do you think that a standardised definition of indirect discrimination should relate to all the grounds to be included in the Bill?

YES

NO

The Framework/Race/Equal Treatment Directives definition

A separate definition

What should this definition be?

NO VIEW

5.12 Do you have any other comments on the definition of indirect discrimination?

Indirect discrimination should cover all grounds including disability.

NO

NO VIEW

5.20 Do you think that the definition of victimisation should be amended so that, for example, a comparator is not required?

YES

NO

NO VIEW

## Exceptions

### Compulsory Grounds (including age)

6.1 Which of the following options should be adopted in dealing with exceptions?

Remove all the existing exceptions in NI legislation and replace them with Genuine Occupational Requirements/ General Service Requirements (GOR/GSR) except where the exceptions are the responsibility of the Westminster parliament -

Option (a)?

Retain some or all of the exceptions with the option of an additional GSR exception – Option (b)?

Limit exceptions to those specifically referred to in the EU Framework Directive and include a GSR exception to cover other areas – Option (c)?

6.2 Please explain the reasons for your choice. If you choose Option (b) please list the exceptions that should be retained and explain why?

Exceptions should be few and far between. Use of GOR/GSR will limit exceptions and ensure a greater clarity and fairness of approach.

## Exceptions

### Possible New Grounds

6.3 Which of the following options should be adopted in dealing with exceptions?

Rely solely on GOR and GSR exceptions - Option (d)?

List all the exceptions to be covered – Option (e)?

Leave GFS undefined as at present, but giving guidance by way of examples with the courts left to define in specific cases – Option (a)

Provide a comprehensive definition of GFS – Option (b)

Leave GFS undefined, but give guidance by way of examples. Could state that there was a presumption that an activity constituted the provision of GFS unless otherwise demonstrated – Option (c)

7.2 Please explain the reasons for your choice. If you choose Option (b) can you suggest a definition?

Enables the broadest interpretation of GFS and give scope for a clear and strong Code of Practice.

7.3 In considering option (b), do you feel that this could represent a reduction in the level of protection already afforded under the race Relations Order?

Yes

## Goods, Facilities and Services

### Public Functions

7.4 Do you think that the Bill should continue to specify that it is only unlawful to discriminate in the provision of GFS if the provision is to the public or a section of the public?

YES

NO

NO VIEW

7.5 Should discrimination over the provision of GFS be unlawful even when the transaction is between two private persons?

YES

NO

NO VIEW

7.6 If you answered "Yes" or "No" please explain why and in the case of the former outline what difficulties you foresee and how these might be overcome?

### Balancing Obligations

7.7 Which approach should the Bill take to possible exceptions?

#### Option (a)

A general justification defence, to be referred to as a 'genuine service requirement'

## Goods, Facilities and Services

Should the defence apply to both direct and indirect discrimination or just to indirect discrimination?

### Option (b)

Specific exemptions

If these should be listed what sort of exceptions would be appropriate?

Should there be different exceptions for different strands, such as age, disability, gender and sexual orientation?

### **Implementation**

7.11 Considerations and options include:

In the event that GFS protection is introduced for existing grounds where this is currently not covered (married persons, gender re-assignment and sexual orientation), such protection is introduced on the enactment of the Bill

In the event that GFS protection for sexual orientation is to be introduced in the Bill, such provisions should be introduced on enactment of the Bill

In the event that GFS protection for age is to be introduced in the Bill, such provisions should be introduced on enactment of the Bill

In the event that GFS protection for age is to be introduced in the Bill confirm plans to introduce this protection but defer implementation to reflect the necessity to adjust service policy and procedures
